CHRISTIAN MOMDJIAN

(818).641.4054 ▪ chrismomdjian@gmail.com ▪ chrismomdjian.com

Objective: Junior developer position where I can become an expert in JavaScript, PHP, MySQL, and all things related to tech while helping the company obtain its goals.

SKILLS

HTML5, CSS3, Bootstrap, JavaScript, jQuery, PHP, MySQL, Git/Github, Slack, and more!

EXPERIENCE

Wordpress Developer (Remote, Part-time) ▪ November 2016 – Present
EZ Marketing Concepts ▪ ezmarketingconcepts.com ▪ Los Angeles, CA

- Created websites for multiple clients using the Wordpress CMS and plugin system
- Added HTML markup and CSS styling to personalize websites for each client
- Made sure to finish projects within same day/next day of assignment unless project is large
- Gained experience with basic SEO principles such as internal links, text-readability and relevance, and easy-to-find call-to-action ui buttons
- Created sites such as: presnow.com, quickcleanoutschicago.com, and gogojunkremoval.com

Jr Full Stack Developer Intern ▪ December 2016 – February 2017
Higher.team ▪ Culver City, CA

- Interned with senior developers
- Added select2 jQuery replacement for select boxes to KidBank rails app
- Made a custom PHP/MySQL scheduling software system
- Did tasks via slack which a senior engineer assigned to me
- Never gave up or threw in the towel on any tech assignment, (I Google often)
- Read lots of stackoverflow.com questions and answers to find solutions

Web Developer ▪ August 2016 – January 2017
Genie Air Conditioning ▪ Van Nuys, CA

- Maintain websites airconditioner.com, indiecharts.com, hiphop.net, and easylistening.com
- Fix issues with media players and online mp3 upload forms on indiecharts.com
- Updated MySQL with pricing and specifications for air-conditioner units.
- Created HTML5/CSS3 and Bootstrap webpages under various domain names owned by Genie AC founder such as olmominisplits.com and heatpumpminisplits.com.

Glendale Community College 2017 (*Web Development Certification*)
